TMSi Logistics Announces Membership in Microsoft® Partner Program

(Portsmouth, New Hampshire) - TMSi Logistics is pleased to announce that it has been awarded membership status in the Microsoft® Partner Program for its V-Lox product, a web-based warehouse management solution. TMSi Logistics' warehouse management solutions ensure that product flow is optimized and all aspects of the supply chain are managed efficiently. The V-lox suite has the flexibility to respond to evolving business requirements, enabling companies to adopt better practices.

Ron Cain, Chairman and CEO of TMSi Logistics, states: "We're pleased to have the opportunity to become a member of this innovative program. The Microsoft Partner Program will be a valuable resource for all members of our team."

The Microsoft Partner Program identifies companies' areas of expertise, offers rewards for businesses that impact the technology marketplace, and implements strategies and resources to help businesses become more profitable regardless of size or focus. The Microsoft® Partner Program provides vital tools that help increase business opportunities, expand industry skills, and provide better support for customers, making it a beneficial and practical process for any type of business.
