TMSi Logistics Launches New LEGACY Initiative

(Portsmouth, NH) - TMSi Logistics is pleased to announce the launch of their new LEGACY program unveiled at their 2009 annual meeting in Jekyll Island, GA. Designed to support a values-driven culture, LEGACY will enable TMSi to help their clients achieve resiliency through trying economic times, encourage social responsibility through employee engagement and leadership development, and increase efficiencies while lowering costs.

LEGACY will be the cornerstone of development for TMSi's leadership team. They have equipped their staff with the tools necessary to evolve into highly functional teams for increased productivity and effectiveness. LEGACY will allow TMSi to help their clients decrease costs and increase revenue through reduced downtime, faster turnaround, and superior dedication to the task at hand.

The TMSi leadership team will use LEGACY to enhance their values-driven, performance-based culture while continuing to improve service levels and increase cost savings for clients across industries. LEGACY will also be pivotal in developing TMSi's stance on social responsibility by encouraging staff to take part in community service and enrichment activities to improve the community around them.

Ron Cain, Chairman and CEO of TMSi Logistics, states: "The launch of LEGACY provides TMSi with the opportunity to further develop employee potential, which is already yielding a positive impact on our ability to respond to the needs of our clients in a more efficient and timely manner."
